Install drawer slide according to the positions of the mark holes!

7

This diagram illustrates the final assembly step. It shows the underside of the table top being aligned with the legs. Eight screws are used to secure the top to the legs: four screws are shown being inserted into the pre-drilled holes on the left leg, and four screws are shown being inserted into the pre-drilled holes on the right leg. The screws are labeled with circled numbers 1 through 8.
